Global Digital Supporter

EIC have now introduced a global digital supporter package. As technology has become the norm for communicating with just about every audience out there, this cost-effective opportunity allows organisations to speak to their audience using our GoToWebinar platform and social media channels, opening endless possibilities.

Our package includes; Support from only £199+VAT

- Company logo to feature on the EIC website, with a link directly to your landing page
- Company logo to feature on the holding slides during the webinar
- Company logo to feature on EIC marketing emails which has the potential to reach over 40,000 energy contacts globally
- Company logo to feature on the platform registration page
- Supporters to be addressed in the introduction opening and closing remarks by webinar moderator
- Company bio and contact details to be included in the 'Handout' section of the webinar platform
- Promotion through EIC's social media - 1 x LinkedIn and twitter post featuring all supporters
- Supporters will also feature in [Inside Energy publication](#) and EIC Online which has a global outreach
- Supporter Icebreaker – Let EIC introduce you to speakers and attendees. A delegate list will be sent exclusively to our Global Digital Supporters prior to the event
- Feature in post webinar actions

Leverage the benefits of becoming a Global Digital Supporter:

- Reach a larger global audience
- Put your business front and centre
- Strengthen your brand in the energy sector
- Reconnect with customers
- Expand your network and connect with potential new clients
